## Create Your Own

Few destinations in Africa can rival Tanzania's diversity of wildlife, rich cultures and vast landscapes. For many it is the ultimate safari destination, which is not surprising for a country that has more land devoted to National Parks than any other wildlife destination. Tanzania boasts the famous Serengeti, the setting for the wildebeest migration, and Ngorongoro Crater, a vast volcanic crater commonly referred to as Africa's garden of Eden. Tanzania is also home to Mt Kilimanjaro, the world's tallest free-standing mountain. With so many different places to visit and explore, it is no wonder picking a set itinerary can be difficult.

Fast becoming a favourite East African holiday destination, Tanzania offers a wide range of safaris for both first-timers and seasoned adventure goers. The ease with which a child-friendly safari can be combined with a beach holiday makes Tanzania an easy choice for families. While the country's most exclusive and luxurious safari tented lodges, hotels and beach retreats make for an unforgettable Tanzanian honeymoon.

All Around Tanzania Safaris has a wealth of knowledge, our guides have over 20 years experience running the safari circuits of Tanzania. # WHERE IT ALL BEGAN.

## OUR STORY.

Whilst on Safari in Tanzania many years ago, co-founder Fiona Hall visited the Shalom Orphanage in Karatu and saw firsthand the struggles the owners and teachers faced trying to provide and nurture the many orphans and underprivileged children in their care. Meeting more of the locals through this area of Karatu, Tanzania, Fiona saw the financial hardships parents face in their ability to afford to send their children to school.

Being passionate about education and believing this is the best way to change financial circumstances in a Third World Country, Fiona decided immediately to begin sponsoring underprivileged children from the Karatu area. Fiona wanted to ensure she could assist each child on an ongoing basis rather than single donations. After many sleepless nights and countless hours of research, All Around Tanzania Safaris Pty Ltd was born to help sustain this program. – A safari company making a direct impact on local children's livelihood and futures.

We hope, with your help (and a lot of fun along the way!) we can sponsor more children until adulthood to live a happy and healthy life filled with education for their future.

We proudly sponsor 10 underprivileged children in the Karatu area and assist with their transition into Tumaini Junior/Senior School. These are long-term sponsorships for up to 12 years. Each trip booked with All Around Tanzania Safaris is helping to fund another child's education. We hope to increase the number of children sponsored each year, so your next safari can help us!

## The School

Recognising the importance of teaching the English language to help train the future leaders of Tanzania, Modest Bayo and his wife Lightness set out to create a school where English would be taught from kindergarten age onwards.

Bayo and Lightness set up their first classroom in their small home in Karatu. The students filled the small room, which bulged at the seams with orphans. With no outside financial help, Bayo and Lightness, aided by various community members would dig trenches, lay foundations, mix mortar, set bricks and built the building by hand. Encouraged by their small community they kept building as children and orphans kept coming – with little or no money, parents would send their children to Bayo and Lightness 'to learn education.'

Tumaini Senior School was opened in 2016 and has had a wonderful first year. Mr Bayo is now building a pre-school in the Karatu area to act as a feeding school for the junior school.

To date the Karatu community now has Tumaini TX Pre Primary School, opening in Feb 2017 to educate 360 children aged 5 to 6. Tumaini Junior Secondary School educating 900 students and Tumaini Secondary Senior School which opened in 2016. This is such a fantastic achievement by Modest and Lightness Bayo.

# THE JUNCTION CAMPSITE.

KARATU, TANZANIA

# Karibu The Junction Campsite

## Our Campsite

“The Junction” campsite is located in Nija Panda, Karatu which in Swahili means the junction, as it is the gateway to Serengeti National Park, Ngorongoro Conservation Area, Lake Manyara National Park, Tarangire National Park, and Lake Eyasi. Making it the perfect place to base yourself for a safari!

You can venture out each day and return to our site within minimal travelling time. One of the most popular ways to see Tanzania in its true form is by experiencing its natural beauty under canvas. A camping safari is the most authentic way to immerse yourself within the surrounding landscape and be a part of nature.

## What's on offer?

The Junction offers just over 2 acres of lush green grass and gardens for you to set up your tent. Alternatively we can provide tents for you at an extra cost.
